

Dear Students,

Ahead of the midterm examinations to be held between **30 October and 7 November 2026**, we kindly ask all students, particularly those who will be taking examinations at our University for the first time, to pay attention to the following points:

- **Check your examination schedule.** Make sure you know the date, time, and venue of each examination in advance. Follow official announcements for any possible changes.
- **Have your student ID card or EMU Pass Digital ID ready before the examination.** If you experience any problems with your ID, contact the Student Affairs Directorate before the examination day.
- **Arrive at the examination venue early.** Students, especially those who are new to the University, are encouraged to familiarise themselves with the examination buildings and rooms in advance and to be outside the examination room at least 15 minutes before the scheduled start time.
- Bring the necessary stationery, including pens and erasers, as well as any materials permitted by your course instructor. Make sure you know the rules regarding the use of calculators, notes, and other materials.
- Do not use mobile phones, smartwatches, or similar electronic devices during examinations, and follow the invigilators' instructions regarding these devices.
- **Observe the rules of academic integrity.** Cheating, assisting others in cheating, or using unauthorised materials will be dealt with in accordance with the EMU Student Disciplinary Regulations.
- If you have an examination timetable clash, a health problem, or another valid excuse, contact the relevant course instructor and your department without delay, and within three days at the latest, to learn about the applicable procedures.

It is natural to feel nervous during your first examination period. Dividing your preparation into manageable daily tasks, taking care of your sleep and rest, and seeking support from your instructors and academic advisors when needed will help you navigate this period more comfortably.

We wish all our students every success in their midterm examinations.

Prof. Dr. Sonuç ZORLU

Vice Rector for Student Affairs
